PARENT CONNECT BULLETIN

MONTHLY FOCUS – NURSERY

ENHANCING LANGUAGE SKILLS THROUGH PLAY

In the early years, language develops best through everyday interactions and play. When children talk, listen, and express themselves in a joyful environment, it strengthens their confidence, understanding, and readiness for learning.

Together, we can create rich language experiences that support your child's growth naturally and meaningfully.

WHAT WE ARE REINFORCING IN SCHOOL

- Encouraging children to express their thoughts and needs verbally
- Building vocabulary through stories, songs, and conversations
- Developing listening and attention skills through interactive activities

HOW YOU CAN SUPPORT AT HOME

TALK THROUGHOUT THE DAY
Describe everyday activities like cooking, dressing, or shopping to build vocabulary naturally.

STORYTIME EVERY DAY
Read simple picture books and ask questions like "What do you see?" or "What will happen next?"

SING & RHYME TOGETHER
Rhymes and songs improve memory, pronunciation, and listening skills.

ENCOURAGE CONVERSATIONS
Give your child time to respond—listen patiently and avoid finishing sentences for them.

PLAY PRETEND GAMES
Role-play (shop, kitchen, doctor) helps children use new words in meaningful contexts.

OUR SHARED GOAL

When language is nurtured both at home and school, children are more likely to:

- Communicate confidently
- Develop better listening and comprehension skills
- Build a strong foundation for reading and learning

A NOTE TO REMEMBER

Small, joyful interactions every day create big language growth over time. Your involvement makes a meaningful difference in your child's development.

PARENT CONNECT BULLETIN

MONTHLY FOCUS – NURSERY

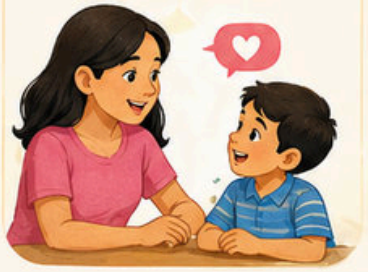

Let's Grow Language Together

Playful moments. Powerful words. Stronger connections.

Daily Parent Action

Just **15–20 minutes** of meaningful conversation and reading time daily can make a big difference.

Talk, Listen, Connect

Encourage your child to express their thoughts and feelings. Listen patiently and respond with interest.

Read, Explore, Imagine

Read stories together, explore new words, and encourage curiosity through questions and discussions.

Screen Time Awareness

Reduce passive screen time and increase **face-to-face conversations** for stronger language development.

This Week's Family Challenge

Ask your child to name 3 things they saw today and talk about them together.

Every word you speak, every story you share, and every moment you listen helps shape your child's future.

THANK YOU FOR YOUR CONTINUED SUPPORT AND PARTNERSHIP. | WARM REGARDS, | SCHOOL / L&D TEAM
